I understand that diagnosis or treatment of me by Pediatric Dentistry NYC may be conditioned upon my consent as evidenced by my signature on this document.

My "protected health information" means health information, including but not limited to my demographic information, collected from me and created or received by my physician, another health care provider, a health plan, my employer or a health care clearinghouse. This protected health information relates to my past, present or future physical or mental health or condition and identifies me, or there is a reasonable basis to believe such information may identify me.

I understand I have the right to request a restriction as to how my protected health information is used or disclosed to carry out treatment, payment or the healthcare operations of Pediatric Dentistry NYC. If, however, Pediatric Dentistry NYC agrees to any restriction requested by me, such restriction shall be binding on Pediatric Dentistry NYC. Cancellation and Broken Appointment Policy

Our number one concern is our patient's dental health. Providing services in a timely manner is critical to accomplish that goal. We understand that illness, emergencies, flat tires, and bad weather do occur. We ask our patients to give us 48 hours' notice whenever possible, if they cannot keep an appointment. This allows us time to fill our schedule with other patients who may be waiting.

Every effort is made to contact patients the day before their appointment to confirm. Please understand that this is a courtesy call. DO NOT DEPEND ON THIS.

Policy and Fees:

Cancellation or rescheduling of an appointment less than 24 hours to be considered as a broken appointment and will carry a charge of \$50.

Existing patients with two or more broken appointments may be subject to pay a \$50 deposit in order to schedule any further appointments.

Definition of "Broken Appointment": A broken appointment is when you

- . Cancel or reschedule an appointment with less than 24 hour notice
- . Do not show up for the scheduled appointment

We appreciate your understanding and consideration regarding our appointment policy and if you have any questions or concerns, never hesitate to ask us.

☐ *** By checking this box, I acknowledge that I have read and understand the above mentioned policy.**

HIPAA Acknowledgement

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

As part of the federal Health Insurance Portability and Accountability Act of 1996, known as HIPAA, Advanced Pediatric Dentistry ("APD") has created this Notice of Privacy Practices ("Notice"). This Notice states APD's privacy practices and the rights you, the individual, have as they relate to the privacy of your Protected Health Information ("PHI"). Your PHI is information about you, or that could be used to identify you, as it relates to your past and present physical and mental health care services. We at APD want you to know that nothing is more central to our operations than maintaining the privacy of your PHI. We take our responsibility to protect this information very seriously. The HIPAA regulations require that APD, and our Business Associates and their subcontractors, protect the privacy of your PHI that we have received or created. For any uses or disclosures that are not listed below (Including Marketing and Selling of PHI), APD will obtain a written authorization from you for that use or disclosure, which you will have the right to revoke at any time, as explained in more detail

YOUR RIGHTS

When it comes to your health information, you have certain rights. This section explains your rights and some of our responsibilities to help you.

A. The right to view and obtain copies of your PHI. You have a right to see, and to keep a copy of, all of your health records except psychotherapy notes and information compiled in reasonable anticipation of, or for use in, a civil, criminal, or administrative action or proceeding. Your request for a copy of your record must be in writing. We will provide a copy or a summary of your health and claims records, usually within 30 days of your request. We may charge a reasonable, cost-based fee. In very limited circumstances your request to inspect and obtain a copy of your health information may be denied. In that case, you may request that the denial be reviewed by an independent person.

B. The right to request limits on uses and disclosures of your PHI. You can ask us not to use or share certain health information for treatment, payment, or our operations. You may also request that any part of your protected health information not be disclosed to family members or friends who may be involved in your care or for notification purposes as described in this Notice. Additionally, you may obtain restrictions on the disclosure of your PHI to a health plan for payment or healthcare operations with respect to specific items and services for which you have paid out of pocket in full. To request a restriction, you must make your request in writing using the Contact Information at the end of this Notice. In your request, you must indicate (1) what information you want to limit; (2) whether you want to limit the Plan's use, disclosure or both; and (3) to whom you want the limits to apply (for example, disclosures to your spouse or parent). We are not required to agree to your request, and we may say "no" if it would affect your care.

C. The right to choose how a healthcare provider sends your PHI to you. It is your right to ask that your PHI be sent to you at an alternate address or by an alternate method. The healthcare provider is obliged to agree to your request providing that they can give you the PHI in the format you requested, without undue inconvenience.

D. You have the right to receive an accounting of disclosures - You have the right to request a list of disclosures of your health information that we have made that were not for treatment, payment, or health care operations, required by law, or authorized by you. Your written request must state the time period for the requested information and be no greater than six years prior to date of request. The healthcare provider will respond to your request for an accounting of disclosures within 60 days of receiving your request.

E. The right to amend Your PHI. If you believe that there is some error in your PHI or that important information has been omitted, it is your right to request that the healthcare provider corrects the existing information or adds the missing information. Your request and the reason for the request must be made in writing. You will receive a response within 60 days of receipt of your request. If your request is denied, you have the right to file a written statement objecting to the denial. If you do not file a written objection, you still have the right to ask that your request and the denial be attached to any future disclosures of your PHI.

F. The right to receive additional copies of this HIPAA Privacy Notice: You have the right to request an additional paper or electronic copy of this notice. You also have the right to direct the healthcare provider to transmit an electronic copy of PHI to an entity or person designated by you.

However, in the event that there is a breach in protecting your PHI we will follow Federal Guidelines to HIPAA Omnibus Rule Standard to first evaluate the breach situation using the Omnibus Rule, 4-Factor Formula for Breach Assessment. Then we will document the situation, retain copies of the situation on file, and report all breaches (other than low probability as prescribed by the Omnibus Rule) to the US Department of Health and Human Services at: <http://hhs.gov/ocr/privacy/hipa/wadmnintiveeochnotifdionnilebrnslmdion.hiini> We will also make proper notification to you and any other parties of significance as required by HIPAA Law.

C. Business Associate Rule: Business Associates and other third parties (if any) that receive your bill from us will be prohibited from re-disclosing it unless required to do so by law or you give prior express written consent to the re-disclosure. Nothing in our Business Associate agreement will allow our Business Associate to violate this re-disclosure prohibition. Under Omnibus Rule, Business Associates will sign a strict confidentiality agreement binding them to keep your PHI protected and report any compromise of such information to us, you and the United States Department of Health and Human Services, as well as other required entities. Our Business Associates will also follow Omnibus Rule and have any of their Subcontractors that may directly or indirectly have contact with your PHI, sign Confidentiality Agreements to Federal Omnibus Standard.

If you do not specifically authorize disclosure by initialing the super-confidential information, we will not disclose it unless authorized under the Special HIPAA Disclosure Rules (i.e. we are required by law to disclose it). appropriate notice to the message. Our emails are all encrypted per Federal Standard for your protection.

F. Practice Transition Rule: If we sell our practice, our patient records (including but not limited to your PHI) may be disclosed and physical custody may be transferred to the purchasing healthcare provider, but only in accordance with the law. The healthcare provider who is the new records owner will be solely responsible for ensuring privacy of your PHI after the transfer and you agree that we will have no responsibility for (or duty associated with) transferred records. If all the owners of our practice die, our patient records (including but not limited to your PHI) must be transferred to another healthcare provider within 90 days to comply with State & Federal Laws. Before we transfer records in either of these two situations, our Privacy Officer will obtain a Business Associate Agreement from the purchaser and review your PHI for super-confidential information (i.e. communicable disease records), which will not be transferred without your express written authorization (indicated by your initials on our Consent form).

G. Inactive Patient Records: We will retain your records for seven years from your last treatment or examination, at which point you will become an inactive patient in our practice and we may destroy your records at that time (but records of inactive minor patients will not be destroyed before the child's eighteenth birthday).
